ENCOURAGE. EMPOWER. ENABLE.

Safe Space Running, a 501(c)(3) Non Profit, serves as a resource to the run / walk community. We encourage all walkers and runners of any fitness levels and empower them to achieve their goals and support health and wellness initiatives that strengthen and elevate the community.

Its goal is to ensure opportunity and equity in endurance sports. Ranging from community work to assisting new and established organizations, Safe Space Running is positioned to uplift and support everyone in their journey alongside story telling. Safe Space Running seeks to celebrate everyone, no matter their experience, as they move for better health.

Safe Space Running vision falls within three aspects:

- Enablement of local run/walk/fitness organizations to remove barriers of entry/access to movement and resources
- Community initiatives and resources to give back to our neighborhoods
- Storytelling through video and media

I'm truly honored for the potential opportunity to collaborate with your organization. Safe Space Running truly believes in teamwork and collective to ensure that every runner/walker that steps on the start line knows that they are appreciated and honored. If you have any questions, please feel free to reach out anytime.

CHRIS GLOVER FOUNDER

COMMUNITY DRIVEN

Safe Space Running is positioned to strengthen the existing clubs and organizations that keep communities moving and help foster new clubs into safe practices as they start.

Safe Space Running believes in collective movement. It serves as a connector and resource to ensure all clubs/orgs have equal equity and recognition as we continue to keep communities moving and encourage collaboration among clubs.

Every Safe Space Running organized event will have a charity element to ensure that when we gather together, we continue to make impact off the course.

Local Run/Walk Club Partnerships

and many more!

STORY TELLING

Safe Space Running employs video media to highlight, honor, and celebrate community members from all over the country.

Safe Space Running Podcast interviews influential individuals from around the country to learn more about their story and impact to the run/walk community.

Mini Documentaries and special edition videos are also produced to further the narrative that all stories deserve to be heard and celebrated.

THANK
YOU.
